3. Zero-Downtime Lead Protection Policy

THE BALOS ZERO-LEAKAGE GUARANTEE:
Balos will **never shut down or cut off a high-net-worth buyer mid-conversation** if an agency reaches 100% of their monthly conversation limit. When an account reaches 85% capacity, an automated notification is sent to the agency administrator. If the limit is reached, inquiries continue to be answered seamlessly without interruption at standard overage rates (AED 1.50/convo) or through your pre-authorized Boost Pack. **Your revenue pipeline is protected 24/7/365.**
